| F6309                        | 03T38356              |
| F6312                        | 03T37087              |
| F6607                        | 03T38502              |
| F6609                        | 03T38503              |
| F6612                        | 03T38504              |
| F7005                        | 03T38195              |
| F7007                        | 03T38194              |
| M6505                        | 03T37070              |
| M6507                        | 03T37058              |
| M6512                        | 03T37060              |
| S6807                        | 03T37062              |
| S6809                        | 03T37063              |
| S7109                        | 03T37134              |
| U6813                        | 03T37041              |

These gear codes are no longer available in an assembly. There are no direct replacements available for these gear codes within the SH6/8 Series. In some cases, the application can still be serviced via another PTO series.

Service parts of these gears will be available until stock is depleted. Product literature will be updated to reflect these changes.

Contact Muncie Power's customer service for more information.

*PTO assemblies: Muncie Power Products will NOT consider parts or units returnable without prior review and authorization.*
