

DUMP BODY

SINGLE LEVER AIR SHIFT CONSOLE

FOR PTO AND DUMP PUMP ACTUATION

ASCS-100 & ASCT-100

- Compact size allows various options of mounting locations.
- PTO engagement actuates indicator light and audio alarm.
- Superior metering of dumping action (feathering) with spring to center/hold control valve.
- Top of console illumination.
- Two console heights available.
- Attractive Powder Coated Console Components.

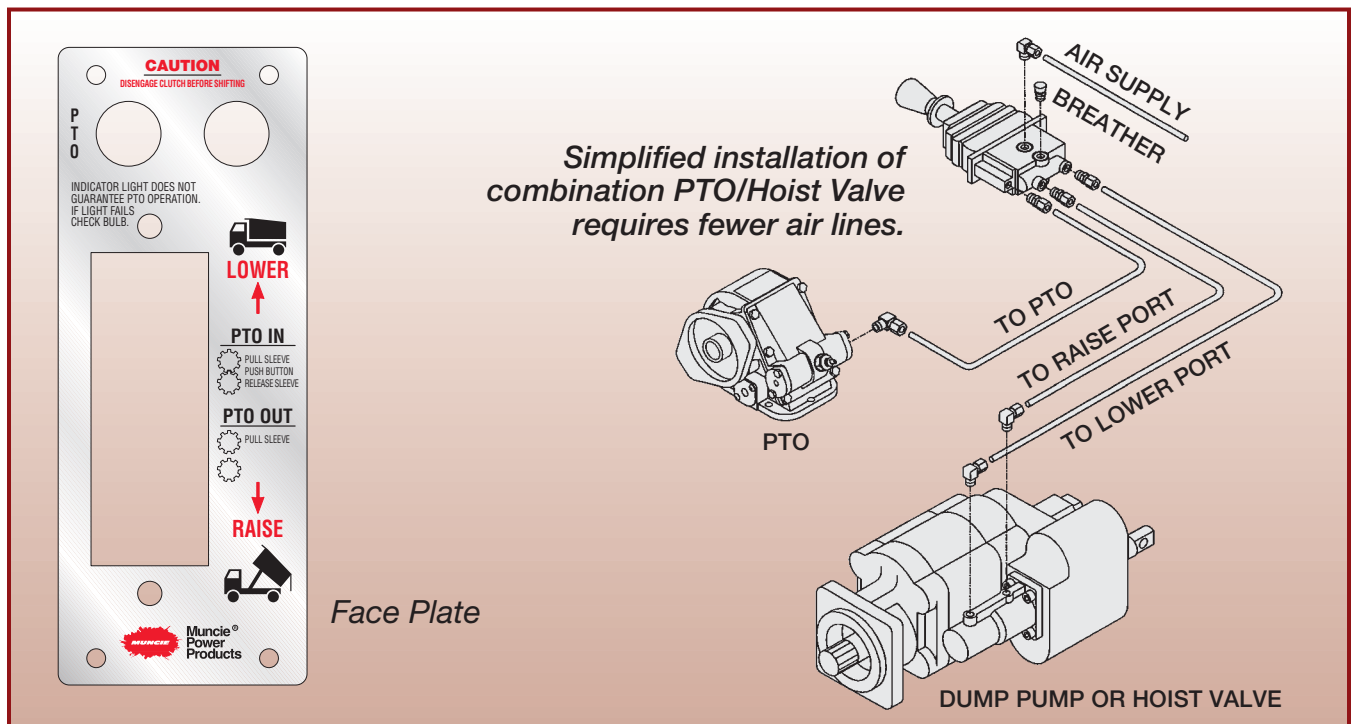

PTO OPERATING INSTRUCTIONS

1. Lift up sleeve and depress button. While continuing to hold button, release sleeve. PTO is now engaged. Indicator light and audible warning are activated any time PTO is engaged.
2. Simply lift sleeve to disengage PTO.

DUMP BODY/HOIST OPERATING INSTRUCTIONS

Lever movement will provide superior metering of dumping action.
Lever will return to the center hold position when released.
