

INSTALLATION INSTRUCTIONS

CONSOLE MOUNTING BASE

DOG BONE

National® Seat Bracket

JOYSTICK CONSOLE

- 1. Lean the driver's seat, seat cushion forward.
- 2. Lay the seat bracket across the seat sub-frame with the collet up and pointed toward the center of the truck. The slots in the lower flange of the seat bracket will line up with bolt holes in the seat sub-frame located toward the front of the seat. Tighten the 3 hex head cap screws provided.
- 3. Install joystick into joystick console. Be sure to use neoprene step washers. Slide joystick assembly into collet on seat bracket.
- 4. Attach the swing arm assembly with the swing arm clamp around the joystick console post.
- 5. Attach the console mounting plate to the control console. Be sure to use the neoprene step washers.
- 6. Using the dog bone clamp, connect the console mounting base to the swing arm bracket.
- 7. Refer to installation manual for electrical connections.
