

SUPERIOR PERFORMANCE

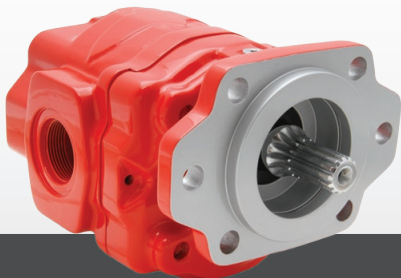

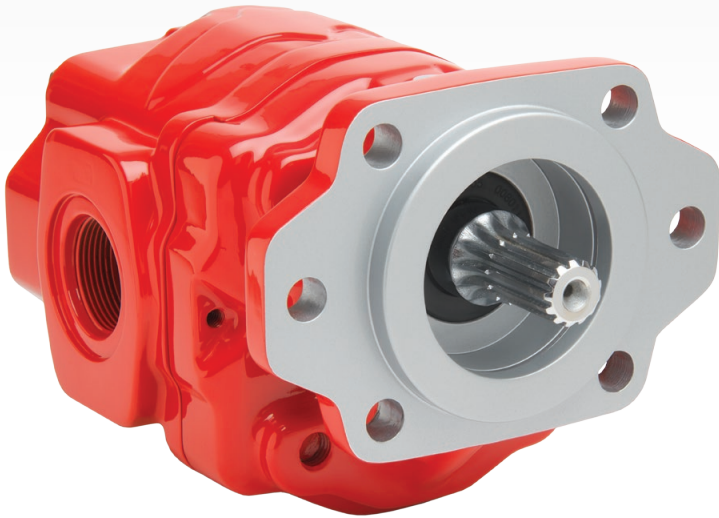

OPTIMUM SERIES GEAR PUMPS/MOTORS

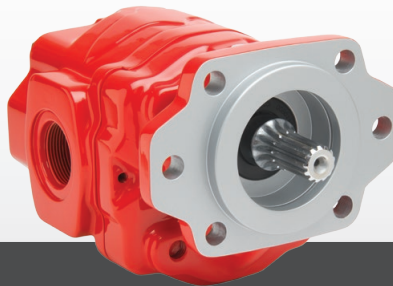

OPTIMUM SERIES GEAR PUMPS/MOTORS

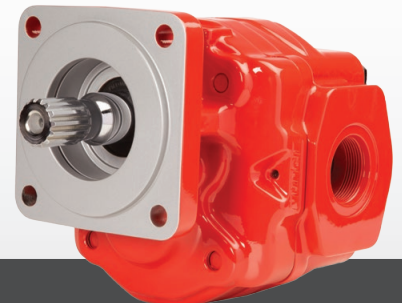

Muncie Power Products' Optimum™ Series high performance gear pumps/motors feature high pressure capabilities and are designed for durability and long life for many truck and mobile equipment applications. A full-featured design allows for reduced inventory requirements and installation flexibility. The Optimum Series offers superior benefits and added value in a cost competitive package unmatched by the competition.

W SERIES
OPTIMUM GEAR PUMP

X SERIES
OPTIMUM GEAR PUMP

Y SERIES
OPTIMUM GEAR PUMP

The W Series is the smallest range of the Optimum line, providing eight displacements to cover a full range of lower flow, higher pressure applications.

Weight	41 - 51 lbs
Displacement (Cu. In./Rev)	1.45 - 4.87
Max. Op. Pressure	4,350 PSI
Input Shaft Options	5
Port Locations	Side and Rear

Brochure: MP15-13

The X Series is the middle range of the Optimum line, providing nine displacements to cover medium to heavy flow and high pressure requirements.

Weight	53 - 67 lbs
Displacement (Cu. In./Rev)	3.18 - 8.43
Max. Op. Pressure	4,350 PSI
Input Shaft Options	5
Port Locations	Side and Rear

Brochure: MP15-14

The Y Series is the largest range in the Optimum line providing nine displacements to cover heavy duty, high demand applications.

Weight	77 - 102 lbs
Displacement (Cu. In./Rev)	5.12 - 14.39
Max. Op. Pressure	4,000 PSI
Input Shaft Options	3
Port Locations	Side and Rear

Brochure: MP15-15

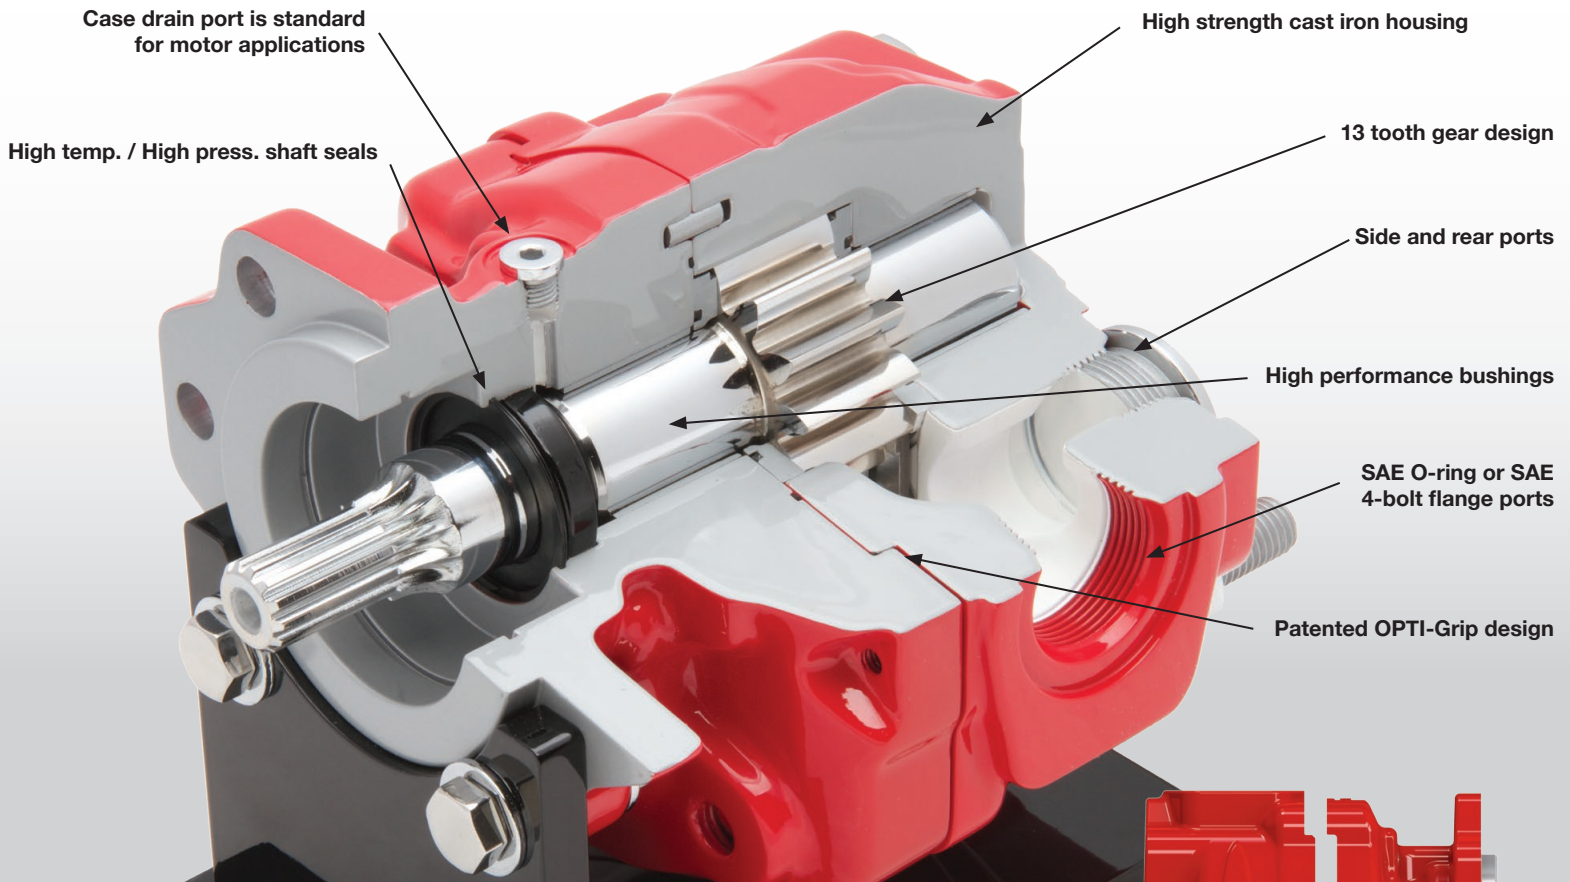

DON'T WAIT. FIND THE PUMP THAT'S RIGHT FOR YOU TODAY.

INTERACTIVE PUMP DESIGNER

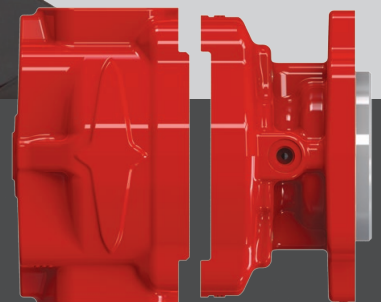

Visit our interactive specification tool and find the pump model that best suits your application needs. Our pump designer allows you to select the pump size needed for your flow requirements and apply the necessary options to obtain a model number for easy ordering.

OPTI-GRIP™ DESIGN

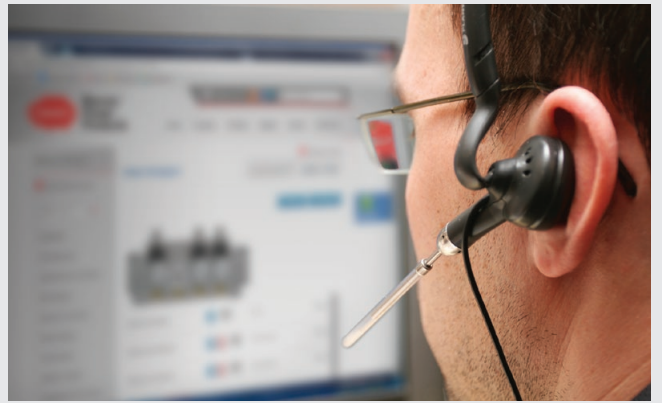

Muncie's OPTI-Grip™ technology allows for higher pressure capabilities and a more rigid pump design for long life and maintained performance. The Optimum Series' integral, two piece castings are press fit together for greater structural integrity over other traditional designs.

WE BUILD TRUST.

At Muncie, we understand
that we're building much more
than hydraulic components.

We are building trust.
