Product Bulletin #00087

Subject: TITAN® MC1 Valve Change

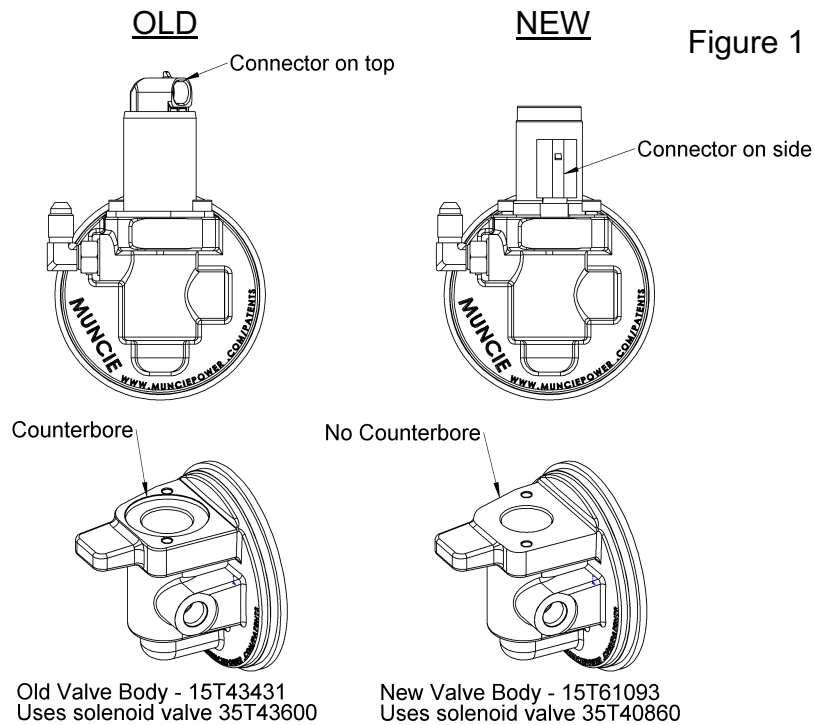

Date: Effective April 25, 2020

URL: www.munciepower.com

The TITAN® MC1 PTO will now be equipped with a new on/off solenoid valve and valve body. The valve used will now be the same as used on the CS24 family of products.

- 35T40860 - 12V Solenoid Valve – On/Off
- 35T40864 – 24V Solenoid Valve – On/Off
- 19T40859 – Solenoid Valve Mounting Cap Screws
- 15T61093 – Valve Body – On/Off

The new valve cannot be used with the old valve body. Plumbing for the unit remains unchanged. Differences between the old valve and new valve are shown in Figure 1 below.

Service parts updates are in process.
