Product Bulletin #00137

Subject: Z25 Series Production Launch

Date: June 2, 2025

URL: www.munciepower.com

The new Z25 Series power take-off is ready for purchase, effective June 2, 2025. The current lead time for Z25 Series PTOs is two weeks from the date of order.

The Z25 Series is the new light-duty, clutch shift PTO designed for the driver side (left side) of the TorqueFlite HD/ZF PowerLine transmissions used in the 2025 RAM 3500, 4500, and 5500 trucks.

It is rated for up to 125 lbs. ft. torque continuous/intermittent and 24 HP at 1,000 RPM. The Z25 Series has a single-speed ratio option at 145% of engine speed. This PTO allows for the direct mounting of pumps on 4x4 applications.
